MESSAGE FROM DIRECTOR

Dear Residents:

As the days get shorter and the nights get cooler there is definitely the feel of Fall in the air. As we shift seasons into indoor activities that does not mean that fun things to do disappear as our department offers plenty of fun opportunities for both young and aging adults alike. For our teenage population, located in the village, the Town Shop teen center is an award-winning program that provides a wide array of activities ranging from art/music activities, drop-in activities, and field trips. The Town Shop is truly a treasure in our community, and I would encourage all teenagers to stop by to give it a try. Also, a treasure in our community is our Senior Center. Arguably the finest Senior Center in the county, the building offers a daily lunch program, exercise classes, special events and day trips. From the time a person enters the building until the time they leave there is a warm and welcoming feeling. Whether you would like to participate or are looking for a volunteer opportunity I would highly recommend going for a visit.

Earlier this year we had three employees that retired from our department or were associated with our department. Danny Klaczko served as our mechanic for 40+ years and made sure our equipment operated and looked the best it could be. Bob Jones served approximately 20 years mowing grass and operating our Olympia in the ice rink. Bob became a familiar face to the hockey community. Tom Hart, retired as the Director of Buildings and Grounds after a 25 year + career. Tom worked hand in hand with our department on many projects. I would like to personally like to thank each of them for their hard work, service, and friendship. I would also like to take this opportunity to welcome our new mechanic Matt Crim to our team. Matt began with our department during the summer, and we are excited to have him on board.

I hope you have a great Fall and Winter.

Sincerely,
Eric A. Bacon
